RED ★ WHITE ★ BLUE GALA

We look forward to welcoming you to our 5th Annual Captain Joseph House Foundation Dinner and Auction. This is the highlight of our fundraising each year! Plan to join us on Saturday, July 8, 2017. Whether you have spent an evening with us at a previous year or coming for the first time this will be an evening not to be missed! The dining room may be cozy, though the ambience and sharing that happens during this evening is more like the family gathering for a holiday with all the extended relatives coming together; a similar feeling that will be the magic and the healing at Captain Joseph House during the Family-to-Family Respite week.

This is an evening to mingle with your community; to visit with many of the Volunteers who have been working weekly on the remodel of Captain Joseph House, working in the office or running the information booths and events throughout the year. There is ample time for visiting with the other guests as well as placing bids on the silent auction and purchasing raffle balloons. Check out the live auction items and mark your program so you will be ready to bid!

Raising awareness comes first before raising dollars for any project. So it is with Captain Joseph House. Spend the evening with us, learn more about the progress of the remodel and hear about the program that will be available for Gold Star Veteran Families. With so many generous businesses and individuals from throughout the Peninsula and many parts of the country working and donating their time, their talents and their dollars; the reality of Captain Joseph House is closer! The Families and their Fallen Heroes will not be forgotten.

Meet our very special guests, Gold Star Wife and Son, Crystal and Talon Blasjo, age 6, who are coming out from Florida to be with us. Join us to meet Crystal and Talon with a very warm welcome!

Thank you in advance for your attendance and giving! Captain Joseph House Foundation is a 501 (c) (3) non-profit corporation.
