LETTER OF ENDORSEMENT

Mr. Jim DeBoo, President
Captain Joseph House Foundation
1108 S. Oak Street
Port Angeles, WA 98362

Dear Mr. DeBoo,

The Captain Joseph House Foundation has come to our attention and I would like to offer you this Letter of Endorsement on behalf of the Green Beret Foundation (GBF). It is with great honor that we offer our support for this project and our conviction that the Captain Joseph House Foundation in particular will fill gaps in a Community that has sacrificed their warriors for our Nation's freedoms.

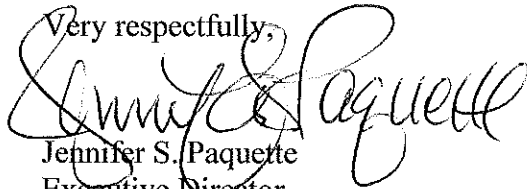

The first two years after the loss of the family's loved one is a critical time, and an indicator as to how the family will proceed, process, and thrive following the loss of their warrior. The Captain Joseph House Foundation approach to healing is unique and much needed. The Foundation is lead by an individual that can empathize with a family's needs as they embark on a life long journey without their loved one, and by someone who knows that although some voids may never be filled, simple acts of communal support can accelerate the healing.

Supporting this project and Ms. Schultz means that GBF will advocate and make every effort to provide financial resources when the family falls under the Green Beret Foundation's mission. Based on Green Berets killed in action since 2010, 15 families would be eligible for your Foundation's services. These fifteen families of four or more, and those that will most assuredly qualify in the future, means that the Green Beret Foundation Board of Directors may provide significant financial and logistical support to the Captain Joseph House Foundation and our Gold Star Families.

The Captain Joseph House Foundation provides much needed services in a unique and powerful way. Much like Green Berets' adherence to the principles of force multiplication, where a small number of specialists can create a much larger force for their mission, we seek to participate with organizations that understand these realities and seek to help the community in unconventional ways. In the end, both of our missions are better served.

Please accept this Letter of Endorsement from the Green Beret Foundation and we look forward to mutually benefitting the brave heroes that we serve.

Very respectfully,

A handwritten signature in cursive script that reads "Jennifer S. Paquette". The signature is written in black ink and is positioned to the right of the typed name.

Jennifer S. Paquette
Executive Director
Green Beret Foundation
