RE: Captain Joseph House Foundation - Letter of Endorsement

To Whom It May Concern:

Our greatest privilege and most sacred duty at the Green Beret Foundation is to serve the families and loved ones of our Gold Star and Surviving Family members. The final sacrifice of their Green Berets causes us to pause, reflect, and give thanks for the freedoms we hold so dear. Our mission is to help the family navigate their difficult journey, give them the tools they need and empower them to take control of their future. In the immediate wake of the Green Beret's death we offer financial assistance to help ease the burden of the expenses the family may incur during this time. Long-term, we strive to maintain relationships with the family and communicate with the Special Forces Groups to identify any gaps we may be able to fill.

The Green Beret Foundation relies on many of our program partners to help fulfill the much-needed support that the Special Forces community needs. The Captain Joseph House Foundation is one of these partners, ensuring a place for Gold Star Families to gather for respite and provide a continuum of care for their personal healing. The mission is simple yet meets a deeply needed level of compassion that has been missing for those who have been most impacted by their loss.

I fully endorse the Captain Joseph House Foundation and support their founder, Gold Star Mother, Betsy Schultz for continuing her son's legacy and providing a safe and peaceful environment for Gold Star Families to connect with others on a similar journey. Alongside Betsy, the Green Beret Foundation will always honor our Fallen and support their families.

Sincerely,

Brent Cooper  
Executive Director  
Green Beret Foundation
